

2.031  
**FRESH AIR INTAKE**  
15 m<sup>2</sup>

This is a technical architectural floor plan. A large rectangular area is highlighted in light green. In the top-left corner of this green area, there is a quarter-circle cutout. The text '2.031' is centered above the bolded text 'FRESH AIR INTAKE', which is in turn centered above '15 m²'. The plan is surrounded by a grid of lines representing walls and structural elements. At the bottom center, there is a small rectangular feature with a cross-hatch pattern, possibly representing a door or a structural column. The overall layout is clean and professional, typical of engineering or architectural drawings.
