

This is a technical architectural floor plan of a lift shaft. The central area is a yellow square labeled 'LJ01 LIFT' with an area of '11 m²'. This central area is surrounded by a grey cross-hatched border representing the shaft's structure. Diagonal lines cross the yellow area from corner to corner. On the right side, a vertical shaft is shown with a downward-pointing arrow, indicating the lift's travel direction. The plan is framed by a grid of lines on the left and top.
